

Riversdale Athletics Club Track and Field Coaches Needed!

Founded in 1963, Riversdale Athletics Club (RIVA) has helped thousands of young (and not so young) athletes run faster, jump higher, and throw further. Although we are a track and field club, what we teach our athletes goes far beyond the stadium. To us, learning to run faster is only the beginning. Sport teaches our athletes about determination and confidence, about how to win graciously and how to learn from defeat. It lets them hit their limit and then overcome it. It teaches them generosity when they share their team mate's wins and compassion when they share their losses

Our coaching staff is instrumental in making us who we are. We can not do what we do without the outstanding coaching support we provide our athletes. We are currently seeking Event Coaches in all track and field disciplines. We seek those who are dedicated and committed to developing skills and inspiring passion in the athletes.
